Unofficial Academic Record Key

Course identification system: The prefix at the beginning of the course code represents the area of study, and the first digit of the course number represents the level of the course. Levels are indicated as follows:

0 Courses below the 1000 level are preparatory in nature and may not be credited toward a University of the People degree

1&2 Undergraduate course, lower-division

3&4 Undergraduate course, upper-division

5 Graduate courses, graduate division

Title : Full course name

Grade : Final letter grade

Credit : Number of credits assigned to the course

G-Pts (Grade Points) : Grade Points earned at each course are determined by multiplying course credits by the appropriate point value. Grade Points are only calculated for credit courses.

For example a C equals a 2.00 point value. To calculate G-Pts, multiply the 2.00 point value by the number of course credits.

A-Crds (Attempted Credits) : Attempted Credits include the total number of course credits taken excluding dropped courses.

E-Crds (Earned Credits) : Earned Credits include the total number of course credits successfully completed.

GP-Crds (Grade Point Credit) : Grade Point Credits represent the number of credits that are calculated into the GPA. This includes all for credit courses except Pass/Fail courses.

GPA (Grade Point Average) : Grade Point Average is calculated by dividing the G-Pts by the GP-Crds (G-Pts / GP-Crds).

Academic Calendar and Enrollment Terms:

The academic year consists of five terms. Each ten weeks in length. All courses taken at the University are listed under the term in which they were taken.
